# Cases at 3-month high; up vigil, says health ministry

Centre writes to Maharashtra, Karnataka, Kerala, Telangana & TN

SOHINI DAS  
Mumbai, 3 June

In the wake of rising Covid-19 cases, the Union health secretary has written to five states — Maharashtra, Karnataka, Kerala, Telangana and Tamil Nadu — asking them to step up the vigil and take pre-emptive actions if necessary to contain any rapid spread of infections.

As of June 3, the health ministry bulletin said India added 4,041 fresh cases — highest in three months — in the last 24 hours. India's average case-load stands at 21,177.

Union Health Secretary Rajesh Bhushan said in the past one week, a slight upsurge of cases has been observed — from 15,708 cases in the week ending May 27 to 21,055 in the week ending June 3. Also, there is a rise in weekly positivity rate from 0.52 per cent in the May 27 week to 0.73 per cent in the week ending June 3. He said in his letter that

## NO MASKS? PHYSICALLY REMOVE FLIERS, PLACE ON NO-FLY LIST: HC

The Delhi High Court on Friday called for strict action against those found violating masking and hand hygiene norms at airports and in aircraft, observing that the Covid-19 pandemic has not abated and keeps springing up its ugly head.

The high court said all such persons, who are found to be violating these norms, should be

booked and fined and they should be placed on the no-fly list and added that it is essential to introduce sufficient deterrence to enforce compliance of norms.

“People violating should be physically removed from the area if they have to be..” it said. It said it noticed that very often the norms are not implemented on the ground. PTI

some states were reporting a higher contribution to India's cases, indicating a localised spread of infection. For example, Maharashtra has reported an increase in cases from 2,471 (May 27 week)

has reported 6,566 cases in the June 3 week, up from 4,139 cases in the previous week. The positivity rate in the state has touched 7.8 per cent. About 11 districts in the state have reported a surge in cases. Similarly, Mumbai has six districts that need focused intervention, said the letter.

Maharashtra Chief Minister Uddhav Thackeray had called a meeting of the state Covid-19 task force on Thursday to discuss the matter and said the state government would monitor the situation for 15 days. He also asked to keep the field hospitals ready, and urged people to follow discipline if they did not want restrictions to be back.

The Union health ministry has asked these five states to ensure Covid-appropriate behaviour, monitor clusters of cases and influenza-like illnesses, as well as genomic sequencing of samples from international passengers and clusters of cases.

## UP INVESTORS' SUMMIT

# UP to give momentum to India's growth story: PM

Investing over ₹70,000 crore in state: Adani

PRESS TRUST OF INDIA  
Lucknow, 3 June

Uttar Pradesh will give momentum to India's growth story in the 21st century, Prime Minister Narendra Modi said on Friday at the Uttar Pradesh's third investors' summit.

Speaking at the summit, which marked the launch of 1,406 projects worth over ₹80,000 crore, he said the prevailing situation in the world has brought big opportunities for India. “I am confident that in the 21st century it will be UP, which will give momentum to India's growth story. UP is going to become a driving force of India,” he said.

Gautam Adani, Kumar Mangalam Birla and other leading industrialists are participating in the mega summit organised by the Uttar Pradesh government. Defence Minister Rajnath Singh and Uttar Pradesh Chief Minister Yogi Adityanath also attended it. The projects were in diverse fields including agriculture,

IT and Electronics, MSME, manufacturing, renewable energy, pharma, tourism, defence and aerospace, handloom and textiles.

Gautam Adani, chairman, Adani Group, said, “We are investing over ₹70,000 crore in the state. We anticipate that this investment will create over 30,000 jobs. Of this, ₹11,000-crore investment has already been spent across our transmission, new energy.”

Chairman of Aditya Birla Group Kumar Mangalam Birla said the timing of this investment summit in Uttar Pradesh holds a special significance.

“India has emerged as the fastest-growing large economy in the world,” he said.

## BJP, Shiv Sena to fight for 6th seat of Rajya Sabha from Maharashtra

Shiv Sena and BJP will battle it out for the sixth seat of Rajya Sabha from Maharashtra as none of the seven candidates in the fray — four of the ruling Maha Vikas Aghadi (MVA) and three of BJP — withdrew their nomination on Friday. The election will be held on June 10. This will be for the first time in more than two decades that the state will see election to the Upper House of the Parliament. The last such election was in 1998, where the Congress candidate Ram Pradhan had lost despite the party having enough numbers in its favour. In 1998, the election was held as per the secret ballot system, while this time the voters (MLAs) will have to show their vote to the party whip before dropping it into the ballot. PTI

## Tata's...

“The CCCS also needs to assess further whether the competitive constraint from other airlines such as IndiGo would be sufficient post transaction,” it said. “The regulator would like to ascertain that the acquisition of Air India does not lead to appreciable adverse effect on competition and that is why the Tata group has been asked to make certain commitments,” a lawyer remarked.

## Murthy...

“We raised about ₹60 lakh from family and friends. I did about 65 per cent and Nandan (Nilekani) did about 35 per cent. But whenever we went to so-called well-to-do (people), they would say ‘will you guarantee me this return, show me the model etc?’ On the other end when I went to my sisters and friends, who were not that well educated and informed, they would say ‘are you certain that you will not spend this money recklessly’. I would say we will treat it better than our own money. It was the lower-middle class, friends and relatives who contributed this money. So the day before we went public, I sat down with all my colleagues and said ‘folks, we cannot sleep well until we redeem (our) pledge to these people.’

Murthy said that everybody's interests need to be weighed before an IPO. “I've seen so many people who went up and came down,” said Murthy. “Think of the poorest retail investor before you decide to go for an IPO.”

He added that there was an overestimation of the market size. Murthy attributed the ‘overestimation’ to a lack of good market research companies that can give an accurate estimate of the market opportunity.

Murthy's comments come at a time when falling valua-

tions, slowing funding rounds and faltering investor sentiment have prompted many start-ups to lay off employees in a bid to conserve cash.

When asked for views on improving profitability at a time when start-ups are heading towards a funding winter, Murthy said answering that question is not fair as he operated in the services model and depended on the export market compared to the current entrepreneurs in the country. “Having put in that caveat, let me say that our challenge is to focus on how we can improve the value delivered to our customers in whatever we do,” said Murthy. “Please look at a concept called business value addition or consumer value addition. Of course, as leaders, you have to lead in austerity, sacrifice, and by example and hard work.”

Murthy also said that it was always best to disclose bad news about a company early and proactively. He said transparency is not about disclosing good news but it is about revealing the bad news.

“Let the bad news take the elevator and let the good news take the stairs,” said Murthy.

## Tiruppur...

Based on estimates, a ₹50 increase in yarn prices may normally lead to an increase of around ₹18-19. “A major roadblock for us is fixing prices for advance purchase orders. When we take orders three to six months in advance, the unprecedented price hike affects us badly,” said R Senthil Kumar of Premier Agencies, a small and medium enterprise garment manufacturer.

For people like Kumar, the loss of business occurs because medium to small enterprises do contracts for raw materials on a monthly basis. The hike has come as a shock for an industry that was expecting recovery after the pandemic.

According to the Tiruppur Exporter's Association, the price of cotton per candy

increased from Rs 37,000 in June 2020 to ₹97,500 currently.

The association wanted a special scheme for micro small and medium enterprises (MSME) under the Emergency Credit Line Guarantee Scheme. In this, 10-20 per cent of the existing credit would be given immediately, mainly to bail out the knitwear garment sector that comprises 95 per cent of MSMEs.

“As an immediate step, we were also demanding the delisting of cotton from the MCX, a ban on cotton exports and steps to ensure that cotton hoarding is not allowed,” said Raja M Shanmugham, president, Tiruppur Exporters' Association.

The industry also wants the creation of a buffer stock by the Cotton Corporation of India, similar to that of China. Despite being the largest cotton producing country in the world, India stands only sixth in garment exports — behind China, Bangladesh, Vietnam, Cambodia and Sri Lanka.

Several garment manufacturers and spinning mills in Tiruppur have cut down on production, leading to a labour surplus.

“The industry is facing a working capital shortage. Some of the units have reduced production by 30 per cent because of this. We may not be able to stop production though as that may lead to a labour shortage in the longer run,” said Kumar.

Spinning mills, on the other hand, have already started production cuts. Machine speeds have been reduced by 5-10 per cent.

“Right from spinning mills to garment manufacturers, no one is making money. For the past month we have started reducing the speed of the machine. We are suffering losses to the tune of around Rs 20-25 per kg of yarn. If we completely stop production, the number of skilled labourers may fall,” said Siva Balan, director of S P Spinning Mills.

He added that yarn movement has declined by 30-40

per cent compared to a normal May, hinting at an overall decline in yarn and garment manufacturing in the area.

As to the solution, Ahmed said only ‘government support or god’ can avert huge losses in 2022-23 in Tiruppur and revive the life that used to be on the streets.

## SC allows...

Vallal RCK, 94, said the company would be under a new management and focus on settling the matter with its creditors as soon as possible so that a new chapter can begin for the company.

Siva Industries was admitted to bankruptcy court on July 5, 2019. An offer from Royal Partners Investment Fund was rejected because it was too little.

The resolution professional then filed a liquidation petition before the NCLT registry. But Vallal filed an application before the NCLT, Chennai, on August 31, 2020, asking the CoC to consider his one-time settlement offer.

In October 2020, the NCLT directed the resolution professional to convene the CoC and consider the settlement offer.

Vallal's offer of ₹328 crore, which would entail a 93 per cent haircut for the lenders, was approved by the CoC and the lenders filed a petition with the NCLT to withdraw the bankruptcy proceedings.

But the NCLT rejected the settlement offer in August 2021, leading to Vallal moving the NCLAT.

“The judgment reinforces the principle that the commercial wisdom of the committee of creditors is sacrosanct and if 90 per cent of the creditors decide that a withdrawal of corporate insolvency resolution proceedings against a corporate debtor should be allowed then it should be given effect,” said Ajay Shaw, partner, DSK Legal, a corporate law firm.

The concerned shareholders are requested to claim their unclaimed/unpaid dividend amount (s) on or before 26th September, 2022, failing which the shares, in respect of which the dividends are lying unpaid/unclaimed for the above-mentioned Financial Years, shall be transferred to the IEPF Authority. It may also be noted that all subsequent corporate benefits that may accrue in relation to the above shares shall also be credited to the said IEPF Authority.

The concerned shareholders, holding shares in physical form and whose shares are liable to be transferred to the IEPF Authority, may note that the Company would be issuing new/ duplicate share certificates in lieu of the original share certificates held by them for the purpose of transfer of shares to IEPF Authority as per rules and upon such issue, the original share certificates which stand registered in their names shall stand automatically cancelled and be deemed non-negotiable. The shareholders may further note that the details uploaded by the Company on its website should be regarded and shall be deemed adequate notice in respect of issue of the new/ duplicate share certificates by the Company for the purpose of transfer of shares to IEPF Authority pursuant to the rules.

In case the concerned shareholders wish to claim the shares after transfer to the IEPF Authority, a separate application has to be made to IEPF Authority in Form IEPF-5, as prescribed under the Rules and the same is available at IEPF website, [www.iepf.gov.in](http://www.iepf.gov.in).
